

ICT innovations in Waste Management Services

Wednesday 20 July 2016 13:00 – 16:35

Location

London Councils, 59½ Southwark Street, SE1

Attendees

All London Borough invited

Aim

To provide boroughs with an (unbiased) understanding of the ICT innovations currently on the market, to include; the benefits and limitations, the main suppliers and practical working examples. To consider if an informal ICT networking forum or similar would be useful to boroughs.

Agenda
